

Here is the blueprint for your company website:

Core Pages

- **Home:** High-impact hero section, core value proposition, key services overview, client testimonials, and a direct CTA.
- **About Us:** Company vision, leadership team, workplace culture, and company stats (projects completed, client satisfaction rate).
- **Services:** A main hub page linking to detailed individual service pages.
- **Portfolio / Work:** Detailed case studies showing problem, solution, tech stack, and measurable client results.
- **Careers:** Job openings, culture, and application forms (crucial for sourcing design and sales talent).
- **Contact Us:** Interactive contact form, direct email, phone numbers, office location map, and direct booking integration (e.g., Calendly).

Detailed Service Breakdown

Service Category	Key Sub-Services to List	Core Components & Features
Web Design & Development	UI/UX Design, Custom Web Apps, E-commerce Solutions, CMS Development (WordPress/Headless)	Interactive tech stack grid (React, Node, PHP, etc.), live site previews, responsiveness highlight.
Graphic Design	Brand Identity, UI/UX Wireframing, Marketing Collateral, Social Media Kits	High-resolution visual gallery, before/after brand transformations, design process timeline.
Digital Marketing	SEO Optimization, PPC Campaign Management, Content Strategy, Social Media Marketing	Client ROI metrics, traffic growth charts, platform badges (Google Ads, Meta Certified).
Sales & Business Growth	Lead Generation Systems, CRM Setup, Outreach Automation, Sales Funnel Optimization	Funnel architecture diagrams, conversion rate growth metrics, CRM tool integration list.

Essential UI Components & Features

- **Interactive Project Estimator:** A multi-step form where visitors can select services, budget range, and timeline to receive an instant estimate or call request.
- **Interactive Tech Stack Display:** Filterable icons showcasing your tools (e.g., Figma, Adobe Suite, React, Google Analytics, Salesforce).
- **Case Study Cards:** Filterable cards with "View Process" tags displaying before/after metrics.
- **Social Proof & Testimonials:** Video testimonials, client logos, and ratings from Clutch or Trustpilot.
- **Floating CTA / Book a Call Widget:** A persistent button or quick calendar booking link visible across all pages.
- **FAQ Section:** Dynamic accordions addressing project timelines, pricing models (hourly vs. fixed), and post-launch support.
